

Dates	Feb. 2005 – Feb. 2007
Occupation or position held	Lecturer
Name of employer	Engineering Department, Swan TAFE, Carlisle campus (Australia)
Dates	Feb. 2001 – Feb. 2007
Occupation or position held	Lecturer
Name of employer	School of Mathematics & Statistics, Curtin Uni. of Technology (Australia)
Dates	Feb. 2003 – Feb. 2007
Occupation or position held	Lecturer
Name of employer	Curtin International College (Australia)
Dates	Feb. 2003 – Feb. 2004
Occupation or position held	Tutor
Name of employer	Notre Dame University (Australia)
Dates	Feb. 1999 – Feb. 2001
Occupation or position held	Tutor
Name of employer	University of Western Sydney (Australia)
Dates	Sep. 1997- Feb. 1999
Occupation or position held	Lecturer
Name of employer	Dept. of Mathematics, Hashemite University (Jordan)
Dates	Feb. 1994 – Sep. 1997
Occupation or position held	Lecturer
Name of employer	Dept. of Mathematics, Jarash University (Jordan)

Personal skills and competences	
Computer skills (software) and competences	Word processing, spreadsheets in Excel, Statistics analysis SPSS, Mathematic and Maple
Areas of research interest	Operation Research, Combinatorics, Probability Theory, Extremal Graph Theory, Ramsey Numbers and Basis Numbers of Graphs.
Courses taught at the university level	Calculus 1, Calculus 2, Calculus 3, Fundamental of Statistics, Statistics for Engineering, Engineering Mathematics (2), Statistics for Business, Linear Algebra, Operations Research, Mathematical Statistics, Differential Equation, Graph Theory, Set Theory, Combinatorics, Applied graph theory and Complex analysis.

Languages	English and Arabic
------------------	--------------------

List of Contributions

I. Articles Published in Referee Journals

1. Ali For a A., Massa'deh M., Bataineh M., A New Structure and Contribution in D-metric Spaces, *British Journal of Mathematics & Computer Science*, volume 22(1), (2017), pages 1-9.
2. Ali For a A., Massa'deh M., Bataineh M., M -Fuzzy Metric Spaces and D -metric Spaces, *Advances in Fuzzy Sets and Systems*, Volume 21(4), (2016), Pages 281-289.
3. Bataineh M., Jaradat M.M. and Al-Shboul E., Edge-maximal graphs without θ_5 - graph. *Ars Combinatoria*, volume 124, (2016), pages 193-207.
4. Jaradat M.M., Bataineh M. and Jaradat A., Edge-maximal graphs containing no specific wheels. *Jordan J. Math. Stat.*, volume 8, issue 2, (2015), pages 107-120.
5. Jaradat M.M., Bataineh M. and Al-Shboul, E., Edge-maximal graphs without θ_{2k+1} - graphs. *Akce International Journal of Graphs and Combinatorics*, volume 11, issue 1, (2014), pages 57-65.
6. Bataineh M., Jaradat M.M. and Bateeha M., The Ramsey number for theta graph versus a clique of order three and four. *Discussiones Mathematicae Graph Theory* volume 34, issue 2, (2014), pages 223-232.
7. Jaradat M.M. and Bataineh M., Edge-Maximal θ_{k+1} -Edge Disjoint Free Graphs. *Kyungpook mathematical journal*, volume 54, issue 1, (2014), pages 23-30.
8. Al-Rhayyel A., Jaradat A., Jaradat M.M. and Bataineh M., Edge-maximal graphs without W_k graphs, $k=5, 6$ ". *J. of Comb Number Theory*, volume 3, (2012), pages 143–150.
9. Bataineh M., Jaradat M.M. and Al-Shboul E., Edge-maximal graphs without theta graphs of order seven: Part II, *Proceeding of the computational mathematics, Computational geometry and Statistics*, Singapore, (2012), 129-134.
10. Alrhayyel A., Bataineh M. and Alzaalig A, An upper bound for the Ramsey Number $r(C_6, K_9)$. *Jordan J. Math. Stat.*, 5(1) (2012), 75-84.
11. Bataineh M. and Jaradat M.M., Edge-maximal C_{2k+1} -edge disjoint free graphs. *Discuss. Math. Graph Theory*, 32 (2012), 271–278.
12. Bataineh M., Jaradat M.M. and Al-Shboul E., Edge-maximal graphs without θ_7 - graphs. *SUT J. Math.*, 47 (2011), 91–103.
13. Bataineh M., Jaradat M.M. and Alzaalig L, The Ramsey Number of $r(C_9, K_8)$. *ISRN Algebra*. 2011 (2011) , Article ID 926191, 10 pages.
14. Bataineh M., Edge-maximal vertex disjoint C_{2k+1} - free graphs. *Jordan J. Math. Stat.*, 4 (2011), 79-89.
15. Jaradat M.M., Bataineh M. and Radaideh S., The Ramsey numbers for theta graphs. *Int. J. Comb.*, 2011(2011), Article ID 649687, 9 pages.
16. Bataineh M., Jaradat M.M., Edge-maximal C_3 and C_5 -edge disjoint free graphs. *Int. J. Math. Combin.*, 4(2011), 82-87.
17. Bataineh M., Jaradat M.M. and Al-Qeyyam M.K., On the basis number of the wreath product of wheels with stars. *Int. J. Math. Combin.*, 4(2010), 70-78.

19. Bataineh M., An alternative proof of the Friendship Theorem, *Jordan J. Math. Stat.*, 2 (2009), 25-32.

20. Bataineh M., Stochastic Loss Systems Models and Policies, *Jordan J. Math. Stat.*, 1(2008), 105-121.

II. Articles Accepted in Referee Journals

1. Jaradat M.M. , Bataineh M., and Al-Qeyyam M.K., On the basis number of the wreath product of paths with wheels and some related problems". *Ars Combinatoria*, 2013.
2. Bataineh M., Jaradat M.M. and Al Hazeem N., The theta-complete graph Ramsey number $R(\theta_6, K_5)$. *Ars Combinatoria.*, 2014.
3. Bataineh M., Jaradat M. M., Vetr'ík T., Bataineh M., Edge-maximal graphs without disjoint odd cycles. *Ars Combinatoria*, 2016.

III. Articles Submitted to Referee Journals

1. Jaradat M. M., Bataineh M., Vetr'ík T., Rabaiah A., The Ramsey numbers for theta graphs versus the wheel of order 5. 2016.

IV. Supervisor of M.Sc. Students

1. Ezzhar Alshboul, Edge-maximal graphs without θ_{2k+1} - graphs. July 2010 (*main advisor*).
2. Slaam Radaideh, Ramsey numbers for theta graphs. April 2011 (*main advisor*).
3. Mutasem saleem bateeha, On Ramsey numbers of complete graphs of order 4 versus theta graphs of order n . February 2012 (*main advisor*).
4. Nosiabi Al Hazeam, On Ramsey numbers of complete graphs of order 5 versus theta graphs of order n . February 2012 (*main advisor*).
5. Merfat Bani Irsheid, Edge maximal graphs containing no complete graph of missing a specific number of edges. December 2012 (*co advisor*).
6. Sanna Al ken, The Ramsey numbers of cycles versus theta graph. **March 2013** (*main advisor*).
7. Ayat Al Rababa, On Ramsey numbers of wheel graphs of order 5 versus theta graphs of order n . March 2013 (*main advisor*).
8. Asraa al Aoda, Edge-maximal graphs free C_{2k+1} - vertex disjoint graphs. April 2013 (*main advisor*).

V. Supervisor Graduation projects

1. Fatima Ahmed, Applications of Graph Colorings/ Guarding an Art Gallery. February 2017 (*main advisor*).
2. Fatima Ibrahim, Applications of Graph Colorings/ Scheduling of Final Exams. February 2017 (*main advisor*).
3. Dana Salman, Edge-maximal graphs without θ_{2k+1} - graphs. May 2017 (*main advisor*).

VI. Member of defines committee

1. Maram Qasim Al – Shareedeh, The Basis number of the Direct Product of Graphs. July 2010 (**Internal examiner at Yarmouk University**).
2. Ala' Mahmood Alzaalig, On the Ramsey Number of Graphs. July 2010 (**Internal examiner at Yarmouk University**).
3. Hanan Saleh Al - Azzam, Automorphisms of Graphs. August 2010 (**Internal examiner at Yarmouk University**).
4. Lewth Mahmood Alzaalig, The Ramsey Number of $r(C_9, K_8)$. April 2011 (**Internal examiner at Yarmouk University**).

5. Abeer Jaradt, Edge maximal graphs containing no wheel graph. June 2011 (**Internal examiner at Yarmouk University**).

VII. Attended Workshops

1. Workshops on teaching techniques / Yarmouk University, February. 2008.
2. Workshops on teaching mathematics using Maple/ Yarmouk University, February. 2010.
3. Workshops on learning blackboard/ University of Sharjah, September 2015.
4. Workshops on Faculty members rights at UOS/ University of Sharjah, September 2015.

VIII. Attended Conferences and Seminars

1. UAE Math day, March 12, 2016.
2. UAE Math day, March 12, 2017.
3. AUS, November, 2016.
4. Graph Theory Conference in honor of Yoshimi Egawa on the occasion of his 60 th birthday, Tokyo, September 10-14, 2013.
5. Paul Turan memorial Conference on Mathematics, Budapest, August 22-26, 2011.
6. 18th National Conference of the Australian Society for Operations Research (ASOR) and 11th Australian Optimization Day, Perth, September 26 - 28, 2005.

IX. Committee Service at Yarmouk University (Dep. of Mathematics)

1. Faculty committee
2. Scholarships and appointments committee
3. Study Plan committee
4. Social committee

X. Committee Service at University of Sharjah

1. Community Service and Social Committee
2. Annual report Committee
3. Curriculum Committee

XI. Refereeing/Referee for the following journals

1. Jordan Journal of Mathematics and Statistics
2. The Arab Journal of Mathematics and mathematical sciences
3. Journal of Mathematics

XII. Award and Grants

1. Scholarship from Hashemite University to get a M.Sc. degree in mathematics and Statistics from the University of Western Sydney (1999-2002).
2. Scholarship from Australian Government to get a Ph.D. degree in mathematics from Curtin University (2002-2007).
3. Research grant from Yarmouk University to fund the project titled "Edge-maximal Hamiltonian graphs containing no θ_{2k+1} -graph" (2010-2011).
4. Research grant from Yarmouk University to fund the project titled "Some open problems in extremal graphs" (2011-2012).
