Awarding Institution	University of Baghdad, Baghdad - Iraq

SHORT BIOGRAPHY

Asil Al Baghdadi is an experienced interior designer with an extensive portfolio of built projects including residential, commercial, and retail, working on a total of 42 projects including 6 branches of a Middle East investment bank and 15 Villas. This was followed by several important appointments as a senior interior designer culminating in a Design Manager position leading a massive project that resulted in the birth of Zabeel Park in Dubai. An effective educator and mentor, Al Baghdadi promotes an integrative approach to interior design teaching. She focuses on actual projects through partnerships with the government and private sector and continues her professional work by leading design projects for different units across campus, managing projects from design through completion. Ms. Albaghdadi is a Lecturer in Interior Design.
