**A message from Chair, Board of Management Clinical Training Center & Sharjah Surgical Institute, Vice Chancellor, Medical and Health Sciences Colleges, Dean of the College of Medicine**

I would like to seize this opportunity to thank all the Partners, Organizers, Participants and Clinical Training Center and Sharjah Surgical Institute, University of Sharjah during the months of January and February, 2023.

It is our mission to provide wide range of facilities and programs that enhance the training experience. I sincerely hope to see all our Partners, clients and Participants in the future as well and get benefit from Hands-on experience, knowledge and experience.

Enjoy the newsletter and stay safe

Prof.Qutayba Hamid

**A message from Director of Clinical Training Center & Sharjah Surgical Institute**

Welcome to the CTC newsletter for January and February, 2023, where we reflect on our activities held during the last two months.

At CTC our goal is to provide outstanding clinical and surgical training for health care professionals as the beacon of surgical and clinical training in UAE, GCC and MENA region.

This center of excellence aims at advancing the surgical and medical professional education through upskilling of health professionals to improve their clinical competence and patient care leading to better patient safety.

Prof.Nabil Sulaiman

# FROM JANUARY TO FEBRUARY, 2023- 53 BLS & ACLS COURSES WERE CONDUCTED

One of the most popular courses at CTC & SSI are the BLS and ACLS courses. With participants interested to learn and brush their life saving skills more frequently.

A total of 53 courses were conducted for BLS and ACLS as much as it is required for the urgent healthcare providers, It is also quiet popular amongst non-healthcare professionals who might require life saving skills and get knowledge to be able to give CPR etc. whenever an emergency arises.

Participants in the ACLS provider course

Participants in the ACLS instructor course

students performing the BLS in a simulated practical session

# CMR SURGICAL TRAINING WORKSHOP

## 9th to 13th & 24th to 25th JANUARY 2023

Speaking to Dr. Yaser who has been working at Pakistan Kidney & Liver Institute, who commented that CMR Surgical are working 10 years ahead of time as to provide futuristic healthcare as well as train different specialists in the medical industry to use robotic arms, simulated learning procedures for surgeries via metaverse or virtual reality and use of Artificial intelligence to diagnose and advise healthcare professionals on the course of the treatment for the patients.

CMR Surgical conducts their trainings and workshops almost every month in order to provide up to date trainings to the healthcare professionals using the CTC & SSI state of the art facility.
