**Message from Chair, Board of Management
Sharjah Clinical and Surgical Training Center
Vice Chancellor, Medical and Health
Sciences Colleges, Dean of the College of
Medicine**

The last few months were really challenging because of COVID-19 pandemic, however despite the challenges we faced we continue to be productive and committed to our work while being aware of the changes in our environment.

We adapt the new system of online teaching and engagement and organized courses at the center We at center made sure to adopt and follow strictly the safety measures and provide PPEs to all the participants who came to attend the courses.

I would like to thank all the partners, faculty and participants who participated in the courses during this pandemic.

Enjoy the newsletter and stay safe.

Prof. Qutayba Hamid

**Message from Director of Sharjah Clinical and
Surgical Training Center**

Welcome to the CTC newsletter for October, 2020, where we reflect on our activities over the last few months.

In spite of the difficulties at the time of pandemic, I am humbled by the show of strength, resilience and compassion shown by each and every one of us. The following highlights are a testimonial to our success, CTC were able to organize some good number of courses at the center.

I thank all the organizers, companies, participants and faculties for being the part of this center during this tough times.

Prof. Nabil Sulaiman

Sharjah Surgical Institute, University of Sharjah launched new

POSTGRADUATE DIPLOMA IN ULTRASOUND TECHNOLOGY APPLICATIONS PROGRAM

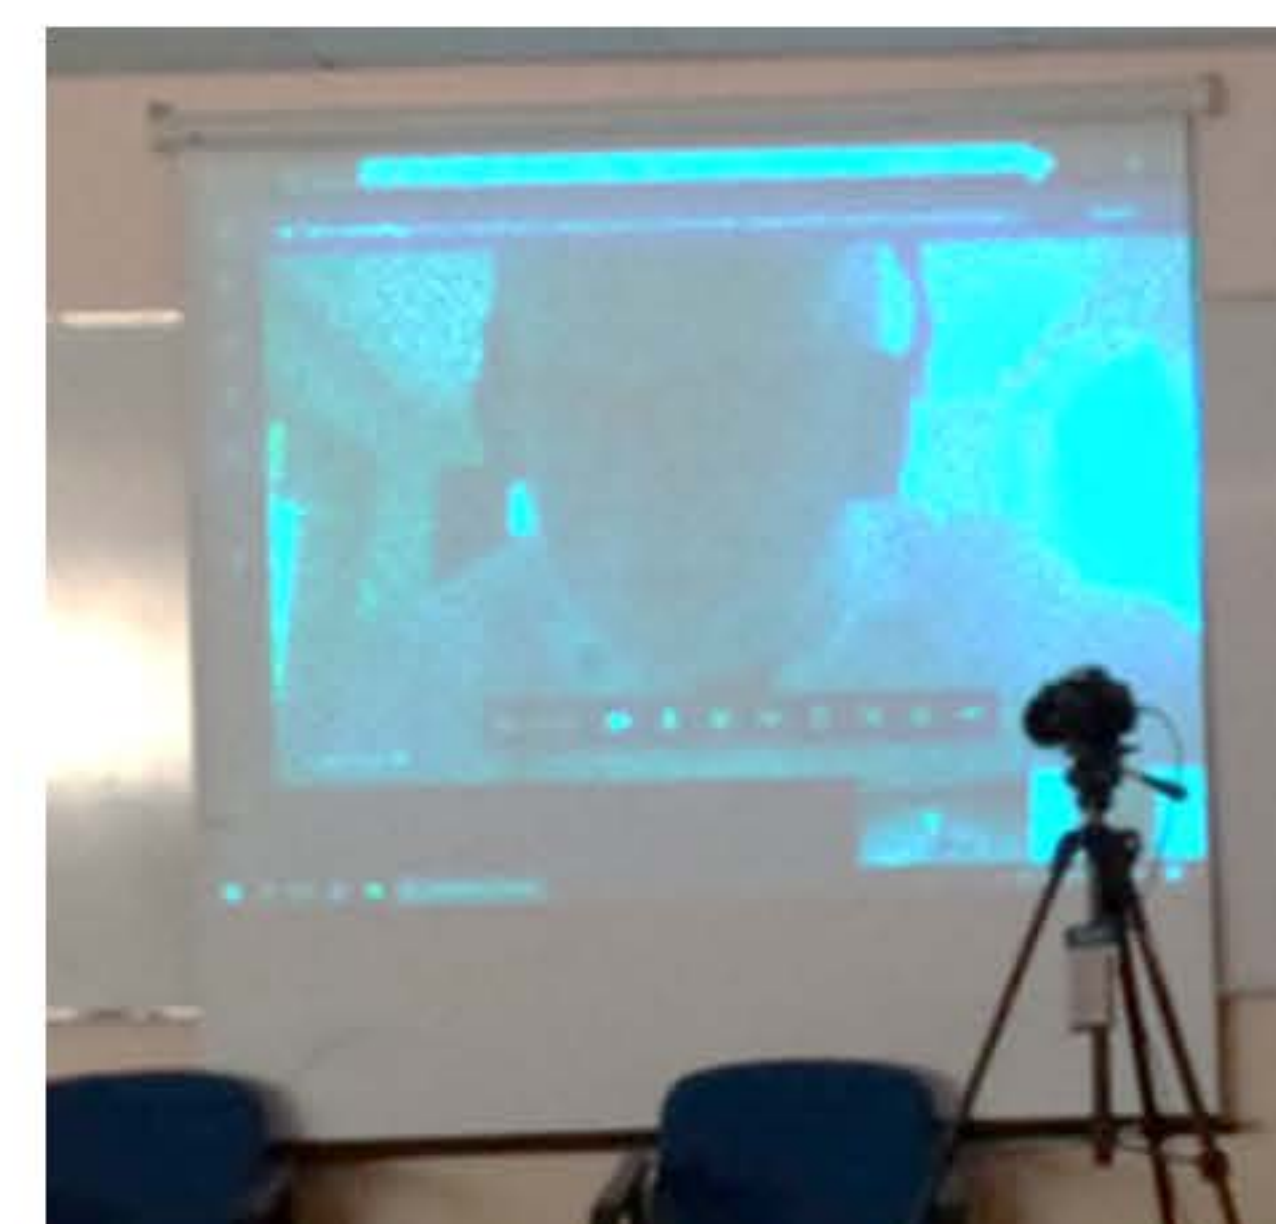

Sharjah Surgical Institute, University of Sharjah together with College of Graduate Studies launched Postgraduate Diploma in Ultrasound Technology Applications designed to address unmet needs of the Obstetrics and Gynecology (OBG) specialist and consultants on 18th September, 2020. The program helps to equip participants with the core knowledge and skills in using ultrasound technology during pregnancy and interpreting fetal ultrasound images as well as US images of female reproductive pathologies. This program targets OBG specialists practicing in UAE and the region. It is based on best international and regional practice in similar programs. It takes into consideration the requirements to develop and update OBG skills in the discipline.

The PGDUS program is modular structure comprising nine modules and a comprehensive assessment of knowledge, skills and professionalism. The program will have International and national faculties namely, Prof. Alaa El Ebrashy, MD Professor Ob/Gyn, Fetal Medicine Consultant Cairo University Egypt, Dr. Mona Khalfan, MD, Senior Consultant & HOD, AQWCH, Consultant Obstetrician and Gynecologist, Al Qassimi Hospital Sharjah; UAE, Dr. Abdulmunhem Obaideen MD, DIS (France) Consultant Radiologist; Head of Medical Diagnostic Imaging Associate Prof. of Radiology, University Hospital Sharjah, UAE and Dr. Adil Hamoodi Al-Qaysi PhD, DMRD, MB; Ch.B., CEO Consultants Medical Center, Abu Dhabi UAE.

“SSI has been developing knowledge and skills of Healthcare professionals for 10 years and has been a leader in delivering quality education and training”, said Prof. Nabil Sulaiman, Director of SSI. “It is our hope that the new Postgraduate program will encourage and enable professionals with a background in Obstetrics and Gynecology to enhance their skills and knowledge to become leaders in this field.”

Prof. Qutayba Vice Chancellor, Medical Colleges and Health Sciences, Dean of the College of Medicine, University of Sharjah addressed and welcome the new participants and experienced faculty virtually through MS Teams. “We are excited to launch the new postgraduate diploma in UAE with renowned world-class faculty in fetal medicine and imaging specialists. Through this program we make sure that the candidates will be enable to start Clinical practice efficiently and will help them in Development of critical thinking, analytical abilities, life-long learning and Pursuing higher level training, I wish you all the success.”
