

# 11<sup>th</sup> CCrISP

## Care of the Critically Ill Surgical Patient Provider Course

**Date** 21-22 May 2025

**Course Fees**  
**5,500 AED (Incl VAT)**

### Course Content

CCrISP is an interactive course that explores the skills and knowledge needed to look after surgical patients, including those who are deteriorating or at risk of doing so. Expert faculty will help you develop practical, theoretical and personal skills so that you can assess and manage critical situations in a systematic way. CCrISP is relevant to all specialties. However, in-course examples are predominantly taken from general surgical patients.

### You will participate in a variety of practical training sessions during the CCrISP course, including:

- Learning a system of assessment for the critically ill.
- Understanding the subtlety and variety of critical illness presentation, alongside ways to improve its detection.
- Understanding the importance of avoiding complications if possible.
- Recognising the surgeon's role in delivering multidisciplinary care to surgical patients.
- Interacting with nursing staff, other surgeons, intensivists and anaesthetists.
- Delivering the information and support that patients and their relatives require during surgical care.

### Participants

- Participants must have done at least two years of training after finishing medical school, including at least six months in a surgical post.
- Participants in their first two years after medical school (internships) are not eligible to attend.
- Number of participants: maximum 16.

### Learning Outcomes

#### After attending this course, you should be able to:

- Adopt a structured, comprehensive approach to managing surgical patients
- Judge which patients are at most risk and plan to reduce their risk of adverse outcomes
- Recognise the deteriorating patient
- Model your non-operative technical skills in a safe environment

### Course Format

CCrISP is an interactive course that combines a variety of teaching and learning techniques, such as simulated patient scenarios, case-based skill stations and demonstrations. You will be encouraged to share knowledge and experience with your peers throughout the course. This is an assessed course and a certificate of completion will be awarded to successful participants.

### Assessment

Formative pre-course MCQ:

30 questions

Open book

80% pass mark

Unlimited attempts

Summative assessment of contribution to skills stations

Summative assessment of Moulage (simulated patient) scenarios

### Pre-course work

- Read the handbook
- Online MCQ

### Participants

- Participants must have done at least two years of training after finishing medical school, including at least six months in a surgical post.
- Participants in their first two years after medical school (internships) are not eligible to attend.
- Number of participants: maximum 16.

### Program Outline

DAY 1	
08:00-08:30	Registration and Faculty meeting
08:30-08:40	Welcome and introductions
08:40-09:10	Introduction to CCrISP and assessment of the Critically Ill Surgical Patient
09:10-09:30	Demonstration - Patient Assessment
09:30-10:50	Small Group Sessions - Assessment of the Critically Ill Surgical Patient
10:50-11:05	Refreshments
11:05-12:45	Small group sessions -
	Respiratory Failure, Tracheostomy Management, Wound Care, Stoma Care Lunch
12:45-13:15	Lunch
13:15-16:30	Small group sessions -
	Perioperative Cardiac Disorders, Shock, Professional Skills, Acute Kidney
Refreshments (14:45-15:00)	
16:30-17:30	Injury
	Nutrition

DAY 2	
0750-0800	Registration
0800-1115	Small group sessions - The Unwell Surgical Patient, Ward Dilemmas, Pain Management, Respiratory Care and Chest Imaging
Refreshments (09:30-09:45)	
11:15-11:30	Course summary
11:30-12:10	Demonstration - Patient assessment (video)
12:10-13:00	Lunch / Faculty meeting
13:00-16:00	Moulage (Patient Scenarios) / Virtual Ward Round
16:00-16:30	Candidate break/ Faculty meeting
16:30-16:45	Candidate feedback

### Course Director

**Prof. Salman Yousuf Guraya**  
FRCS (Glasgow), Masters Med Ed.  
University of Sharjah  
Diploma Laparoscopic Surgery  
Master Trainer Minimally Invasive Abdominal Surgery
