

**Fostering University and Industry Partnership:
Assessing Biomedical & Health Research Opportunities
Thursday January 30th, 2020 (10:00-3:30)
M23-029 (College of Pharmacy)**

(Moderator: Ms. Arwa Al-Shujairi, RIMHS)

Time	Topic
9:30-10:00	Networking & Coffee Break
10:00-10:05	Opening by Prof Hamid AL Naimiy , the Chancellor
10:05-10:10	Welcome by Prof Maamar Bettayeb , VC for Research & Graduate Studies
10:10-10:20	RIMHS Overview by Prof Taleb Al-Tel , Director of the Research Institute for Medical & Health Sciences (RIMHS)
10:20-10:30	Clinical Trials in the UAE - Current Status and Future Directions Prof. Salah Abu Snana , College of Medicine, UoS
10:30-10:40	Epidemiological Studies and Analysis of Diseases in the UAE Dr. Basema Saddik , College of Medicine, UoS
10:40-10:50	University of Sharjah Surgical and Clinical Training Center Prof. Nabil Suleiman , College of Medicine, UoS
Patents Pitching & Discussions	
11:00-11:35	Novel Heterocyclic Systems and Pharmaceutical Compositions as Anticancer Drugs: Prof. Taleb Al-Tel , College of Pharmacy, UOS
	Discovery of Novel Nature-Inspired Compounds for the Treatment of Multiple Sclerosis: Prof. Azzam Magazachi , College of Medicine, UOS
	Extractor Needle to Retrieve Endodontic Separated Instruments: Dr. Saaïd Al Shehadat , College of Dentistry, UOS
	Discovery of Novel Heterocyclic Systems and Pharmaceutical Applications as Antibiotics for Multidrug Resistant Bacteria: Dr. Mohamad Hamad , College of Health Sciences, UOS
	Diagnostic and Prognostic Liquid Biopsy Biomarkers for Asthma: Dr. Rifat Hamoudi , College of Medicine, UOS
	Design and Synthesis of Small Molecule Inhibitors of Candida Albicans: Dr. Sameh Soliman , College of Pharmacy, UOS
11:35-12:00	Coffee Break
First Panel: Presider Dr. Samrein Ahmed , College of Medicine	
Current Challenges and Opportunities in Health Innovation	
Panelists will be presenting for 3 min and the moderator will be asking questions to panelists.	
Suggested Topics	
✓ Current Challenges and Opportunities in Health Innovation.	
✓ Potential mechanisms to fund early innovation stages in: Cancer, Diabetes, Infectious Diseases and Alzheimer. Drug Discovery and Diagnostics.	
✓ From Startup to Product (Pharma and Diagnostics)	

12:00-1:00	<p>Dr. Ahmed Ouda, Medical Director Gulf-IP and Sub Saharan Countries, Boehringer Ingelheim</p> <p>Dr. Averyan Vasylyev, Medical Director Gulf Worldwide Medical Affairs, GSK</p> <p>Dr. Kasem S Akhras, Head, Government Affairs and Market Access, AstraZeneca</p> <p>Dr. Miriam Zalzala, Clinical Research Excellence Lead- Middle East North Africa, Pfizer</p> <p>Dr. Nivine Borg, Head of Medical Affairs for Bayer Gulf, Bayer</p>
Second Panel: Presider Dr. Basema Saddik , College of Medicine.	
Successful Stories in Health Innovation	
Panelists will be presenting for 3 min and the moderator will be asking questions to panelists.	
Suggested Topics	
<ul style="list-style-type: none">✓ Challenges in Health Innovation<ul style="list-style-type: none">a- Opportunities for Innovators and Gaps to be Filled.b- Valuable Tools and Methods for Developing and Implementing Innovations.c- Success Stories from the Field.✓ Big Data and Artificial Intelligence and its Impact on the Future of Innovation in Health Care	
1:00-2:00	<p>Dr Catherine Taylor, Medical Affairs Director for Emerging Markets, Johnson & Johnson</p> <p>Dr Syed Huda, Regional Quality Assurance Director, Roche</p> <p>Basel Al Asaad, Area Manager, Nissin International</p> <p>Dr. Ghassan Nasser, Sales and Marketing Director for MENA, Henry Schein</p>
2:00-3:30	<p>Lunch & Networking</p> <p>Concluding Remarks & Recommendations</p>
Tour in the Research Labs
