## **AC YR 2007 – 2008**

### **Research Supervisors: Dr. Nahed Abdelkhalek & Mrs. Amal Hussein**

1. Fast Food Consumption among University of Sharjah Students
2. Sleeping patterns in relation to academic achievements among UOS medical students
3. Knowledge and practices related to over-the-counter medications among University of Sharjah Students
4. Knowledge, Attitudes and Practices of breast self-examination among Arab women in Sharjah
5. Preventive medical check-up practices among adults in UAE
6. Prevalence of heavy school bags among primary school children
7. Knowledge, attitudes and practices related to intake of supplements among pregnant women in Sharjah
8. Knowledge, attitudes and practices of hand washing among primary school children in Sharjah
9. Postural knowledge and practices among computer users
10. Patterns of water consumption among University of Sharjah students
11. Eating habits amongst university medical students
12. Factors related to vaccination compliance in Sharjah
13. Difference in stress between dormitory and non-dormitory students
14. Osteoporosis knowledge and preventive measures among UOS female students
15. Prevalence of caffeine consumption among medical students
16. Knowledge, practices and attitudes of smoking among students in the University of Sharjah
17. Knowledge and practice of antenatal care in the UAE
18. Knowledge, attitudes and practices of weaning among mothers in Sharjah
19. University of Sharjah students' knowledge and attitudes towards blood donation
20. Power drinks and steroids use among University of Sharjah students
21. Calcium intake among adolescent females in Sharjah

## **AC YR 2008 – 2009**

**Research Supervisors: Dr. Nahed Abdelkhalek & Mrs. Amal Hussein**

1. Trends in fruit and vegetable consumption among UOS students
2. Prevalence of overweight and obesity among primary school children in Sharjah
3. Knowledge and practice of breast-feeding among postnatal mothers
4. Perceived benefits and barriers in relation to breakfast consumption among UOS students
5. Physical activity beliefs and practices among postnatal women
6. Body image dissatisfaction among university students
7. Self-relaxation techniques used in managing stress among medical students
8. Compliance with care procedures among users of contact lenses
9. Effects of traffic congestion on drivers quality of life
10. Soft drinks consumption and perceived effects on nutrition and health of university students
11. Seatbelt utilization among drivers and passengers in Sharjah
12. Use of diet pills and dieting aids by university students
13. Clients' satisfaction with the health care services provided at UOS clinics
14. Consumers' awareness of information on food products in UAE
15. Dietary habits in Sharjah preparatory school students
16. Knowledge and practice of physical activity in university undergraduates

## **AC YR 2009 – 2010**

**Research Supervisors: Dr. Nahed Abdelkhalek & Mrs. Amal Hussein**

1. TV Food Advertisements and Children's Food Preferences
2. University Students' Perceptions And Practices Related to Healthy Diet
3. Patients' Preferences for Doctor-Patient Communication Style in Sharjah
4. Psychosocial Health of Medical Students at University of Sharjah
5. Knowledge and Practices Related to Physical Activity Among Medical Students
6. Awareness About and Attitudes Towards Recycling in Sharjah Community
7. Perceptions About Effects of the Environmental Hazards (Air and Noise Pollution) on Quality of Life among Adults in Sharjah
8. Compliance to Treatment Regimen In Patients Undergoing Cardiac Catheterization
9. UAE Adults Knowledge about and Attitudes Towards Organ Donation
10. Effects of School Food Canteens on Primary School Students Purchasing Practices and Perceptions About Food
11. Men's Health: Knowledge, Attitudes & Practices Related to Preventive Measures
12. Sports Practices Among Secondary School Students In Sharjah
13. Child seat use Behaviours & Attitudes Among Parents in UAE
14. Secondary School Students Knowledge About and Attitudes Towards premarital Counselling
15. Knowledge, Attitudes & Practices Related to First Aid Among Primary School Teachers in Sharjah
16. UAE Adult Females' Perception About Cosmetic Plastic Surgery
17. Women's Health: Knowledge, Attitudes and Practices Towards Preventive Measures
18. Beliefs and Practices related to the Use of Complementary and Alternative Medicine in Sharjah

## **AC YR 2010 – 2011**

**Research Supervisors: Dr. Nahed Abdelkhalek & Mrs. Amal Hussein**

1. Sun protection behaviours and Awareness among Adults in UAE
2. Living Conditions of Labour Workers in Sharjah
3. Practices of Reading Health/medical information prior to seeking medical care among Adults in Sharjah
4. Travel Health knowledge and Practices among Travellers in UAE
5. Maternal knowledge about child growth & development in Sharjah
6. Patterns of antibiotics use among UAE Adults
7. Energy-saving: Knowledge, attitudes and practices in UAE
8. Women's reactions and knowledge about menopause and its changes
9. Medication practices reported by medical and pharmacy students at UOS
10. Reading and understanding drug label instructions among adults in UAE
11. Secondary school students' knowledge and attitudes towards consanguineous marriages
12. Maternal caffeine consumption during pregnancy & awareness about potential effects on mother and child
13. Knowledge of first-aid measures of home injuries among adults in UAE
14. Coping strategies practiced by freshmen university students
15. Parental perception of their children's weight status in UAE community
16. Driving behaviours among adults in UAE
17. Factors influencing academic motivation of medical students
18. Mobile phone dependence and health-related behaviours among adults in UAE

## **AC YR 2011 – 2012**

**Research Supervisors: Dr. Nahed Abdelkhalek & Mrs. Amal Hussein**

1. Parental perceptions and management of childhood fever
2. Attitudes towards seeking psychological help among adults in UAE
3. Menstrual hygiene : knowledge and practices among preparatory school students in Sharjah
4. The perception of health among adults in the UAE
5. The knowledge , attitudes and practices of birth spacing in UAE
6. Second-hand smoking: knowledge , self-reported exposure and avoidance behavior among preparatory school students in the UAE
7. Knowledge and Attitudes towards genetically modified food among adults in UAE
8. Societal views and attitudes towards disabled people
9. Perceptions of andropause amongst the middle-aged adult male population in UAE
10. Weight reduction methods used by females in UAE
11. Awareness of self-body weight status among adults in UAE community
12. Factors Influencing health care seeking behaviors among adults in Sharjah
13. Home accidents among preschoolers: perceived causes and preventive measures
14. Beliefs and perceptions of adolescents about acne in the UAE
15. Primary school students awareness about puberty
16. Household hygiene practices among females in UAE
17. Knowledge and attitudes towards sustainable development among early adults in UAE
18. The Impact of the smoking ban policy on students in the University of Sharjah
19. Empathy levels among undergraduate medical students in UOS

## AC YR 2012 – 2013

### Research Supervisor

- |  |                          |
|--|--------------------------|
| 1. Personal Hygiene among Primary School Students in Sharjah   | Dr. Nihar Dash           |
| 2. Prevalence of mobile phone use while driving and perception of its associated risks among adults 18-50 years old in UAE | Dr. Nermine Nosair       |
| 3. Knowledge and awareness about breast cancer among younger adult females in Sharjah                                      | Dr. Toufik Tabbara       |
| 4. Health Seeking Behavior among Medical Students in the University of Sharjah   | Dr. Naguib Hassan        |
| 5. The attitudes and knowledge about using diet centers among Sharjah residents above 16 years old                         | Dr. Fui Goh              |
| 6. Smart Devices Use in education: Sharjah University students' perceptions and practices                                  | Dr. Maha Gumei           |
| 7. Knowledge about risk factors of cardiovascular diseases among young and late adults in the UAE                          | Dr. Mohammed Moneim      |
| 8. Prevalence of anemia among newly admitted medical, dental, and pharmacy students at UOS                                 | Dr. Hanan Al Sharif      |
| 9. Knowledge and Practices related to Vitamin D Deficiency among adult population in Sharjah                               | Dr. Farhan Cyprian       |
| 10. The impact of medical TV Dramas on the Communication skills and ethics among University of Sharjah medical students    | Dr. Mohamed El Homssi    |
| 11. Knowledge, Attitudes and practices of wearing high-heeled shoes among adult women in the UAE                           | Dr. Ahmed Abaoub         |
