

## Graduation Project Proposal

Students' Names:

- a) Mohammed Abdulla Easa Aljaed
- b) Mohamed Sagheer Sabith
- c) Ramin Mohammad Rasoul Abdollahi

Graduation Year: Spring 2015/2016

Supervisor Name: Mr. Ali Emad Nehad

Date: 12/6/2016

### Overview

The project suppose to be a fully functional, accessible Mobile Application published in Play Store for Android Mobiles where people and international students can access it and find many interested information they need it like information about Sharjah University, UAE rules and tourist places, exchange money, emergency numbers and many more.

### Project Title:

International Student of Sharjah Guide  
(ISOSG)

## **Brief Description:**

International Students who wish to come to study in Sharjah University are usually facing a problem of getting the correct and specific information about the University , the city and the UAE rules. We decide to facilitate this problem to them by creating an application we named it ISOSG which is like a guide to them to make them familiar with everything in UAE. The application is containing many functions and options which will be like an information store containing everything they need. We developed this application for mobile users as we see that many students and people nowadays have android phones.

## **Project Outcomes or Objectives:**

(Minimum of three)

- a) Create a mobile application for android devices
- b) Help the international students to know about U.A.E and Sharjah
- c) Make the application and the information free and available to everybody
- d) Helps people to find different interested information in one place.
- e) Know how to develop a mobile application using Android Studio and Java.
- f) Know how to connect with online database hosting site
- g) Know how to make the application available in google play store

## **Keywords:**

(Minimum of three)

1. Application
2. Android
3. Java

## **Project Completion Strategies:**

(What will the student do?)

1. Planning
2. Analysis
3. Designing
4. Implementation
5. Documentation
6. Testing

## **Resources and Materials Needed to Complete the Project:**

(S/W and H/W)

1. Android Studio
2. Java Development Kit
3. Google Account
4. Adobe Photoshop
5. Online Hosting Site
6. Microsoft Office 2013
7. Microsoft Office Visio 2013

### **Proposal Acceptance:**

I submit this project and understand that its successful completion is necessary for graduation, and furthermore, I understand that any expenses incurred for the project are my responsibility.

Students' Signatures:

- a) Mohammed Abdulla Easa Aljaed**
- b) Mohamed Sagheer Sabith**
- c) Ramin Mohammad Rasoul Abdollahi**

The above proposal is deemed appropriate to the students and the project guidelines, and is therefore accepted.
