

Graduation Project Proposal

Students' Names:

a) **Naila Saud Khalfan Saud Khasouni Echtibi**

Graduation Year: Spring 2015/2016

Supervisor Name: Mrs. Manal Sid Ahmed Mohamed

Date: 12/6/2016

Overview

The project is an authenticated archaeological website that authenticates through photos to the most three important archeological sites in UAE. These sites are Maliha, Qasr Al Hosn in Abu Dhabi and Al Bedia Mosque in Fujairah. This website was also created for photographers and artists to help them to improve and show their artistic and photographic skills.

Project Title:

Archeological Sites in UAE

Brief Description:

“Archaeological Sites in UAE” is a website which allows the user to enter and register to the website to see and display the archeological areas in UAE and discover old and new photos, deal with photo by click like or dislike photo and comment on it. Also, users can like or dislike uploaded photos, and also comment on them.

Registered users will have their own profiles where they can upload photos, change and edit their profiles, or even check previously uploaded photos.

In order to support our project we had to use many programs that are related to web designing such as Microsoft Visual Studio, Adobe Photoshop, Ajax Control, Microsoft Visio and Microsoft Project.

Project Outcomes or Objectives:

(Minimum of three)

- ▶ To identify the areas and monuments in Maliha , Qasr Al Hosn in Abu Dhabi and Bedia Mosque in Fujairah.
- ▶ The Website helps us to communicate with the images and understand their meanings through description.
- ▶ Update and comment on images for each person registered in the Website.
- ▶ It helps us to click like or dislike photos for once.

Keywords :

(Minimum of three)

1. Application
2. Windows OS
3. Microsoft Visual Studio

Project Completion Strategies:

(What will the student do?)

1. Planning
2. Analysis
3. Designing
4. Implementation
5. Documentation
6. Testing

Resources and Materials Needed to Complete the Project:

(S/W and H/W)

1. Microsoft Visio 2013
2. Microsoft Project 2013
3. Microsoft Access 2013
4. Visual Studio 2012
5. AJAX Control Toolkit
6. Adobe Photoshop CS5

7. Microsoft Office "Word"
8. Microsoft Office "PowerPoint"

Proposal Acceptance:

This project was mainly created to fulfil the requirements for the degree of diploma in Information Technology.
