PROFILE

Professor Dr. Natheer Al-Rawi is Consultant Oral & Maxillofacial Pathologist. He was the top graduate from College of Dentistry, University of Baghdad on 1989. He worked first as clinical tutor in Oral Diagnosis Dept. at the same college for 2 years before joining the postgraduate program of Oral Pathology. He received his MSc on 1993 and PhD on 2001 from University of Baghdad and eventually earned his spot as Oral Pathologist at College of Dentistry, University of Baghdad, Iraq. He had about 30 years teaching experience in the field of Oral and Maxillofacial Pathology in five different universities in different countries including Iraq, Yemen as well as UAE. He got his professorship from University of Baghdad on 2009.

He is now working as a Professor and member of college council and professional development committees beside other executive committees at University of Sharjah, Sharjah/UAE. Dr. Al-Rawi hired before joining the University of Sharjah as founding Dean of College of Dentistry, Ibb University, Yemen for two years. During that period, he established the foundation of this new college. Dr. Al-Rawi also appointed as Chairman of assessment committee for post graduate studies at College of Dentistry, University of Baghdad, Iraq for 4 years. He was also supervising many PhD and MSC students in Oral pathology and Oral Medicine.

Besides giving undergraduates general and oral pathology lectures and lab sessions. He had certificate in Medical education and he is now taking the post of chairman of RCS-Eng accredited Continuing Professional Development at College of Dental Medicine, University of Sharjah. Dr. Al-Rawi established many new teaching methodologies like Case of the week, Research-based projects, team-based learning and Clinico-pathologic conferences for under and post graduate students in University of Sharjah. In addition to teaching Dr. Al-Rawi is researcher; he supervised many postgraduate students, he published more than 45 manuscripts in different high impact international journals and had attended many international conferences in USA and LONDON/UK. His research interest is in salivomics and oral cancer molecular diagnosis. He got two incentive awards in research twice from University of Sharjah on 2011 and 2014. EMPLOYMENT HISTORY

Professor, University of Sharjah

2020 June - Present

Professor & Consultant Oral Histopathologist University of Sharjah - Sharjah, United Arab Emirates

Teaching Experience:

My teaching covers the following topics:

- Clinico-pathological conference (MSc students)
- Oral Pathology (Year 3 & Year 4)
- OralDiagnosis (Year 5)
- General Pathology (Year 3)
- Research Methodology (year 3)
- Stream coordinator of two streams (Dental Health Sciences-3 and Human Biology-3)

Clinical Experience:

- Consultant Oral Pathologist at Center of Excellence, University Dental Hospital, Sharjah, UAE

Associate professor

2012 January - 2020 June

Other academic activities:

- Oct 2013-2016: Member of Academic Advisory Board at University of Sharjah.
- Nov.2012-2016: External Examiner in Oral Medicine to the UAE's Ministry of Health to assess candidates applying for recognition of their specialty in Oral Medicine & Oral Pathology.

Experience in University Administration:

- **Sept 2016-present: Coordinator of RCS-accredited Continuing professional Development Course, College of Dental Medicine, university of Sharjah.**

During this time, I have:

- Jan 2015-Present: Research forum committee and Continuing Education and Professional development councilor.

During this time, I have:

- Apr 2012-2014: Chairman & Officer of Medical Records, College of Dental Medicine, University of Sharjah.

During this time, I have:

- Written the policy of medical record keeping at UDHS.
- Reporting the violations that taken place during medical records writing.
- Purging old medical reports and Check listing important record keeping items.
- Apr 2012-2016: Member of Academic Advisory Board, University of Sharjah and

member of curriculum committee at college of Dental Medicine, University of Sharjah.

During this time, I have:

- Designed the curriculum map of BDS program at University of Sharjah.
- Research forum organizing committee, University of Sharjah (2014–2020)
- Sept 2016 – Sept 2017: Secretary of college council, College of Dental medicine, University of Sharjah

During this time, I have:

- Member of professional development committee and coordinator of continuous professional development activities.
- **Member of University Grievance committee, University of Sharjah**
- **Sept 2017- till present:**
- Chairperson of continuing professional development committee.
- Member of Continuing Education and Professional development council at University of Sharjah

Undergraduate Student Research Projects:

1. Heavy Metal toxicity among gas station workers
2. Oral piercing: a fashion statement or an obsession?
3. The Reliability of Palatal Rugoscopy in Individual Identification (A Clinical UAE Study).
- 4 . Orthopantomographic Retromolar space analysis and its relation to the mandibular third among UAE patients.
5. Orofacial Characteristics of Thalassemia patients among UAE population.
6. Kvaal's Method of Dental Age Estimation
7. Assessing the prevalence and causes of mandibular fractures among selected sample within the UAE population.
- 8 . WHAT IS THIS RINGING IN MY EARS? TINN-IT-IS: Tinnitus Prevalence Among Dental Practitioners in the UAE
9. Changes in the Mineral Content and Surface Morphology of Enamel Due to the Influence of Specific Beverages: In Vitro SEM Study.
10. The Effect of the Clinical Setup on Cortisol Levels and Brain Activity during Routine Closed Extraction Procedures.
11. Estimation of Resistin levels in saliva: A potential tool for early detection of insulin resistant diabetes among obese UAE population.
12. Public and General Dental Practitioner awareness about the use of space maintainer for children after primary teeth extraction in Sharjah
13. . Assessment of salivary C-reactive protein and total antioxidant capacity among patients with primary hypertension
14. Cortisol level under stress among smokers & non-smokers
15. Root caries prevalence among elderly population of Sharjah
16. Vertebral Alignment among Dentists with Work-related Musculoskeletal Pain
17. Noise level in dental clinics and the hearing capacity among dentists

18. Estimation of 8-Hydroxydeoxyguanosine levels in saliva of diabetic patients: a valuable indicator of early onset periodontitis
19. Localization of mandibular foramen on OPG
20. Antimicrobial effects of figs and olive
21. Simple Dentistry: A web based interactive tool
22. Does a simple BUZZ change your saliva? The effect of Medwakh on salivary cotinine levels.
22. Identifying the proximity of inferior alveolar canal in relation to mandibular molars: A CBCT study.
23. valuation of elongated styloid process among UAE population using CBCT.
24. Anatomical variation of incisive canal among UAE population using CBCT.
25. . Metabolic Profiling & biomarkers identification in saliva among shisha & cigarette smokers using GCMS.
26. Morphological variations of condylar head among Emirati population using CBCT.
27. Noise-induced hearing loss among Dental Assistants.
28. Volumetric Analysis of Sphenoidal Sinus Using ITK-Snap Software
29. In the act of shisha smoking, are the salivary and urinary metabolites a leading cause for cancer?
30. . Petrol the black gold or the poison untold: effect of petrol on systemic diseases of the gas station workers.
31. Prevalence of MB2 canal in the first and second maxillary molars and the proximity of the first and second maxillary molars to the maxillary sinus.
32. Oral Tissue Reaction and Bacterial Adhesion to Various Suture Materials.
33. Visfatin ; A Potential Biomarker of Periodontitis Among Overweight Patients: A Systematic Review.
34. Prevalence of burnout among dental students in University of Sharjah and Ajman University.

Assistant Professor

2008 September - 2012 January

Teaching Experience:

My teaching covers the following topics:

- Oral Pathology (Year 3 & Year 4)
- Oral Diagnosis (Year5)
- General Pathology (Year3)
- Problem Based Learning (year 2)

Clinical Experience:

Sept 2008-present: General Dental Practitioner at Center of Excellence (Private Clinic), University Dental Hospital, Sharjah, UAE. **Administrative Experience:**

Aug 2008-present: Coordinator of Human Biology stream for year 3. This stream includes Pathology, Microbiology & Pharmacology, and is considered the most challenging stream in year 3.

My roles include:

- Curriculum development and annual reviews.
- Preparing the stream's comprehensive assessments.
- Maintaining the high quality of teaching the stream's component.
- Mentoring students in conducting high quality clinical researches.

Aug2008–2014: Coordinator of Dental Health Sciences Stream for year 3.

This stream includes Oral Pathology, Oral Surgery, Oral Physiology & Growth & Development.

My roles include: o

- Curriculum development and annual reviews.
- Preparing the stream's comprehensive assessments.

Maintaining the high quality of teaching the stream's component.

- **Apr2010–2016:** In charge of the MCQs component of the Exit Exam for Year 5 students.

Apr 2009–2011: Chairman of the Radiology Quality Assurance Committee, College of Dental Medicine, University of Sharjah. During this time, I have:

- Written the Intra & Extra Oral Radiographs manual of the dental clinics in UDHS.
- o Monitor radiation doses in dental clinics.

Apr 2012–2014: Chairman & Officer of Medical Records, College of Dental Medicine, University of Sharjah.

During this time, I have:

- Written the policy of medical record keeping at UDHS.
- Reporting the violations that taken place during medical records writing.
- Purging old medical reports & Check listing important record keeping items.

Assistant Professor, University of Baghdad

Baghdad | 2004 September - 2008 August

Teaching Experience:

09/2004 to 08/2008

Aug 2004-Aug 2008: Assistant Professor at the College of Dentistry, University of Baghdad, Iraq.

My teaching covers the following topics:

- Oral & General Pathology (under & Postgraduate students)
- Genetics (Postgraduate students)
- Oral Oncology (Postgraduate students)
- Molecular Pathology (postgraduate students)

Clinical Experience

- Oral Histopathology Reporting
- General Dental Practitioner (Private Clinic), Baghdad, Iraq.

Administrative experience

- Chairman of Post graduate assessment committee.

- Coordinator of Oral Diagnosis Dept.
- Promoted to Professor on Sept. 2009

Supervision of Postgraduate students:

Master :

- Immunohistochemical expression of P53 & bcl-2 in benign and malignant salivary gland tumors.

PhD :

- Salivary NSE : a potential Indicator of early detection of ischemic stroke.
- Salivary oxidative stress markers among patients with Ischemic heart disease.

Post graduate Examination Committees:

MSc Dissertation:

1. "Evaluation of Incisional biopsy and toluidine blue staining in detection of oral and maxillofacial cancer" University of Baghdad, Iraq 2004.
2. "Assessment salivary levels of calcium, phosphorous, zinc and Copper and their relation to caries risk and dietary habit among kindergarten children with progressive caries" University of Baghdad, Iraq 2005.
3. "Cytotoxic reaction of different types of acrylic materials on hamster cheek pouch mucosa and Rabbit's submucosa" University of Baghdad, Iraq 2005.
4. "Histopathological and immunohistochemical evaluation of giant cell tumor of jaw bones and long bones : Comparative study. University of Baghdad, Iraq 2007.
5. " The role of CD31 and CD 34 in evaluation of angiogenesis in giant cell tumor of jaw bones and long bones using computer assisted image analysis" University of Baghdad, Iraq 2008.

PhD Thesis

1. "The use inflammatory cytokines and polyamines from saliva and serum as potential markers in early detection of Oral cancer". University of Baghdad, Iraq 2004.
2. Salivary and microbiological tests and Oral health status among patients with type 2 diabetes" University of Baghdad, Iraq 2005.
3. Evaluation of proliferation and apoptosis with the ability of angiogenesis using different biological markers in ameloblastoma. University of Baghdad, Iraq 2005.
4. The effect of cortisol induced osteoporosis on bone healing around titanium implant on rabbits" University of Baghdad, Iraq 2008.

Dean & Associate Professor, University of Ibb- Yemen

IBB-Yemen | 2002 November - 2004 June

Dean and Associate Professor

Ibb University - Ibb-Yemen, Yemen

11/2002 to 06/2004

Associate Professor, Dean College of Dentistry, University of Ibb, Yemen.

Teaching experience covered the following topics:

- Oral Histology (year2)

- General Pathology (year3)
- Oral Pathology (Year 4)

Administrative experience

As a founder and first Dean, my duties included:

- Establishing the curriculum map of the new college
- Developed new process for employee evaluation which resulted in marked performance improvements.
- Leasing with dental companies to establish new dental clinics.
- Putting the rules and regulations of the assessment committee of the college.

2001 October - 2002 November

Assistant Professor

University of Baghdad - Baghdad, Iraq

Oct 2001- Nov 2002:

10/2001 to 11/2002

Assistant Professor at the College of Dentistry, University of Baghdad, Iraq. My teaching covers the following topics:

- Oral & General Pathology (under & Postgraduate students)
- Genetics (Postgraduate students)
- Oral Oncology (Postgraduate students)
- Molecular Pathology (postgraduate students)

1989 September - 2001 September

Lecturer

University of Baghdad - Baghdad, Iraq

09/1989 to 09/2001

• **Sept 1998- Oct 2001**: Enrolled in PhD Program, in addition to teaching duties that covers the following topics:

- General Pathology (year3)
- Oral Pathology (Year4)
- **Sept 1993-1998**: Lecturer at the College of Dentistry, University of Baghdad, Iraq.

My teaching covers the following topics:

- General Pathology (year3)
- Oral Pathology (Year4)
- **Sept 1991-sept 1993**: Enrolled in MSc Program.
- **Aug 1989-Aug 1991**: Clinical Tutor at College of Dentistry, University of Baghdad, Iraq.

My teaching duties covers the following topics:

- Oral Histology (Year 2)
- Oral Medicine (year 5)
