Field of Experience:

Working as a lecturer in Oral Radiology in different academic institutions has added a lot of experience, and love to the subject that I like most. Apart from practicing dentistry both as self employed and as a government employee for more than 30 years, wide experience was gained from working in Tawam Dental Center as the head of the Oral Radiology Division with the

high impact of patients and day-to-day cases that need to be interpreted and diagnosed with other colleagues in the Dental Center.

Experience is also achieved through teaching Dental Radiology as a Specialist Dental Radiologist in the Colleges of Dentistry, Universities of Sharjah\UAE, Ajman\UAE , University of Science and Technology, Sana'a, Yemen, and the University of Baghdad.

Working as a Consultant Radiologist in the dental clinics in the above areas as well as a practicing Dentist, has added a lot to the diagnostic experience in the field of radiography and technical skills in Dentistry, as well as having wide experience in installation, operation of intra oral and extra oral X-ray machines specially CBCT, panoramic, intra oral and cephalometric modalities.

Education:

1. Master's of Dental Radiology (M.Sc.) College of Dentistry, University of Baghdad. 1989
