1999-2001	Assistant Professor <i>Biology</i>	Department of Biomedical engineering, Ajman University of Science and Technology
1996-1997	Instructor <i>Medical Histology</i>	Faculty of Medicine McGill University
1994-1996	Teaching assistant <i>Functional Histology</i>	Faculty of Medicine McGill University

Research Positions and Experience

2008-2010	Member of Advisory Board Advances in Medical & Dental Sc.Information (AENSI)	The American-Eurasian Network for Scientific
-----------	---	--

2001-2005	Supervision of research project for graduating students	Faculty of Dentistry, AUST
1997-1998	Post-doctoral Fellow	Calcium Research Laboratory, Royal Victoria Hospital, Montreal, Canada
1995-1996	Laboratory Instructor for <i>Training in Morphological and Immunohistochemical Technique</i>	National Research Council-Biomedical Research Institute and Merck Frosst Canada Inc
1995-1996	Laboratory Instructor for Summer Project Students	Department of Anatomy and Cell Biology, Faculty of Medicine, McGill University

Research Skills

- Histological processing of tissues, Epon, Paraffin, Frozen, Ultrathin Frozen section
- Electron Microscopic technique and utilization
- Immunohistochemistry techniques, Immunoperoxidase, Immunofluorescence, Immuno-gold
- *In Situ* Hybridization technique.

Research Interests

- Oral & Maxillofacial Development
- Bone and Teeth histology and pathology.
- Oral Health
- Oral Cancer
- Prevention of common oral diseases.
- Ameloblast and Osteoclast cell biology.
- Parathyroid & Thyroid hormones effect on bone biology and pathology.
- Dental & Health Professions Educational Research.

Research Grants

The Effects of Dokha Smoking on Health in UAE Population. Al Jalila Foundation AJF2018014 Dubai, UAE January 2019- January 2021, 300,000 Dirham Principle Investigator.

Local production of bone substitute for bone grafting applications in medical, oral and craniofacial surgery. UoS Targeted Research Grant, 2018-2020, 200,000 Dirham, Co-investigator.

Proteomic profiling of whole un-stimulated saliva obtained from type II diabetic patients with periodontitis. Applied for research fund in collaboration with Oral Biology Department, University of Malaya 2010.

Quantitative Analysis of Mercury Burden in the Waste Water released from the Dental Clinics in UAE. Sheikh Hamdan Bin Rashid Al Maktoum Award for Medical Sciences. Award # MRG-18/2007-2008

Analysis of Mercury Burden in the Waste Water released from the Dental Clinics in Sharjah, UAE. Seed grant from College of Graduate Studies & Research, University of Sharjah # 061002

The Impact of Dental Education on Changing Oral Health Behavior among Selected Students of Sharjah University. Oral Health Group research grant from College of Graduate Studies & Research, University of Sharjah 2006-2008.
