

GUIDE TO OPEN THE UoS VIRTUAL LABS

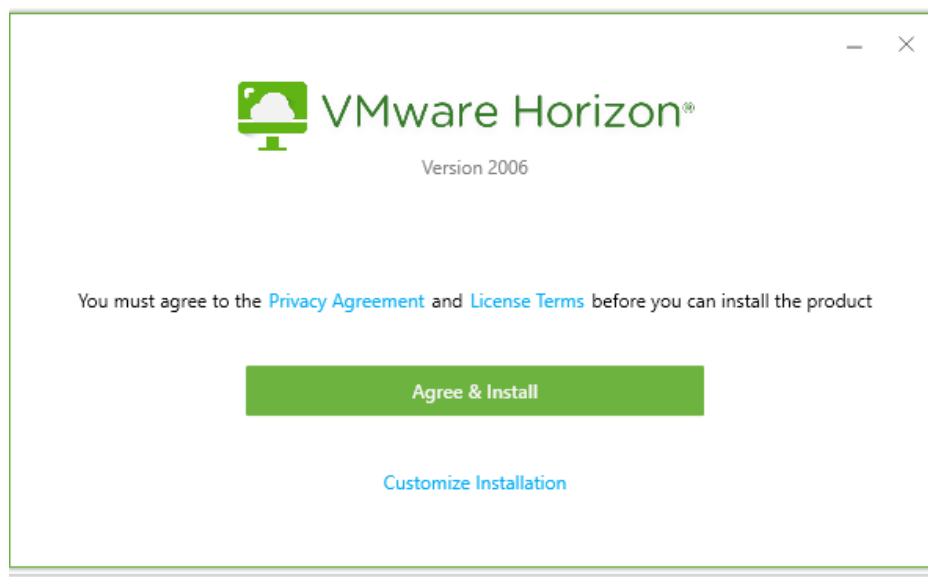

Download the VMware Horizon Client from the below link.

https://my.vmware.com/en/web/vmware/downloads/info/slug/desktop_end_user_computing/vmware_horizon_clients/horizon_8

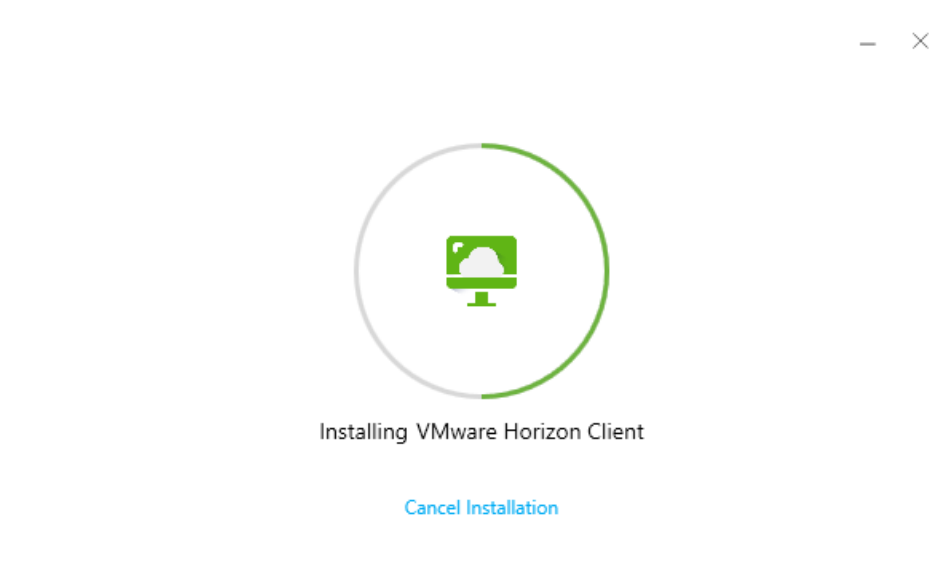

Once the download is completed, Open the file and start to install the application

VMware-Horizon-Client-2006-8.0.0-16531419.exe

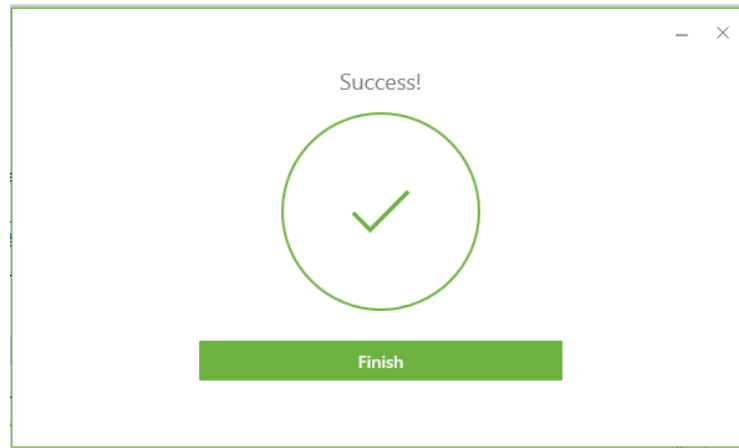

1- Click on Agree & install

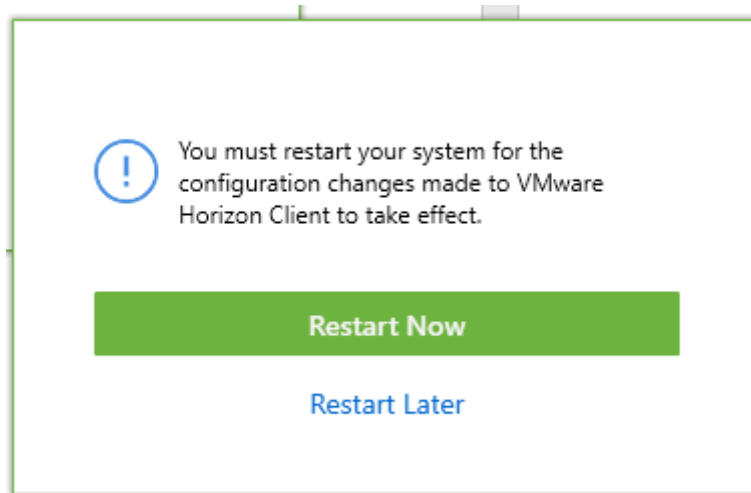

2- Installing process

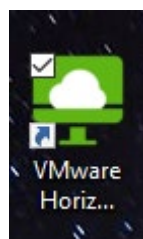

3- Installation finish

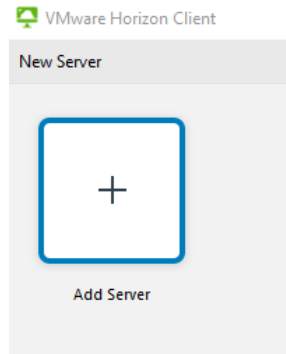

4- Restart.

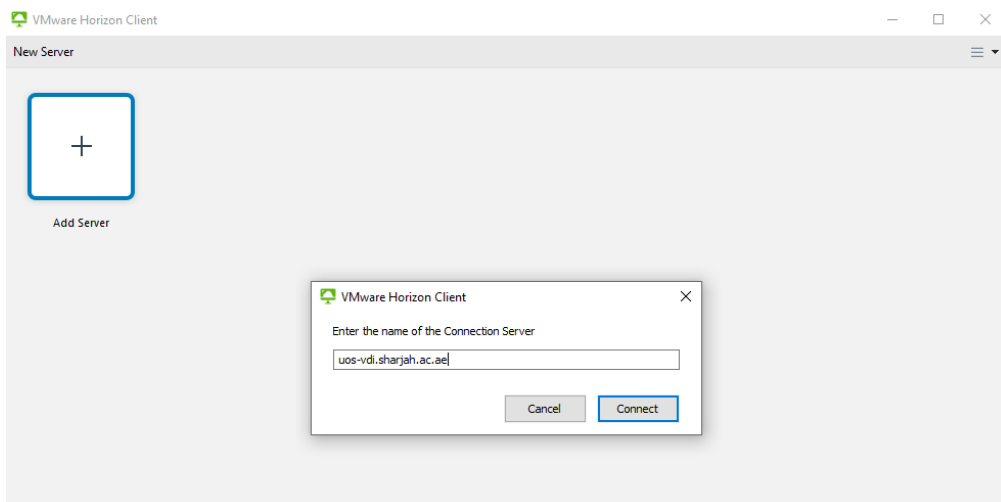

5- Open the VMware Horizon application.

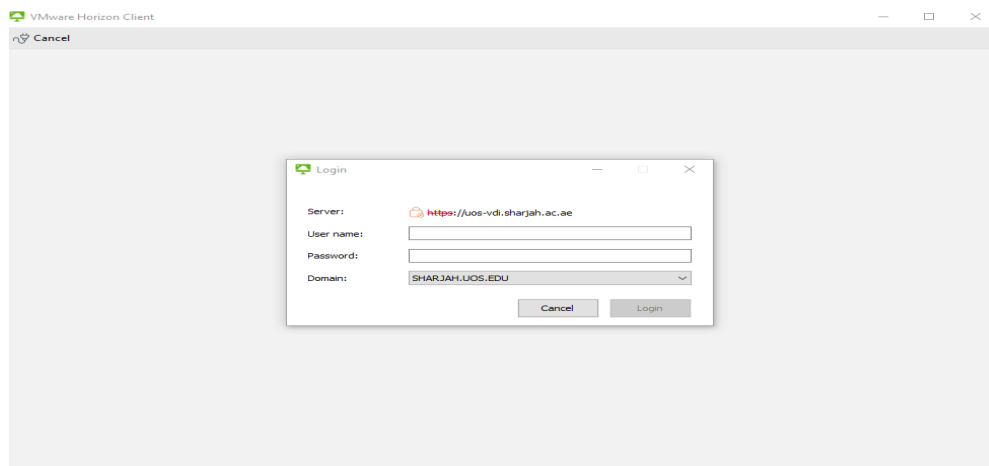

6- Click on New Server

7- Add the server name: **uos-vdi.sharjah.ac.ae** then click on connect

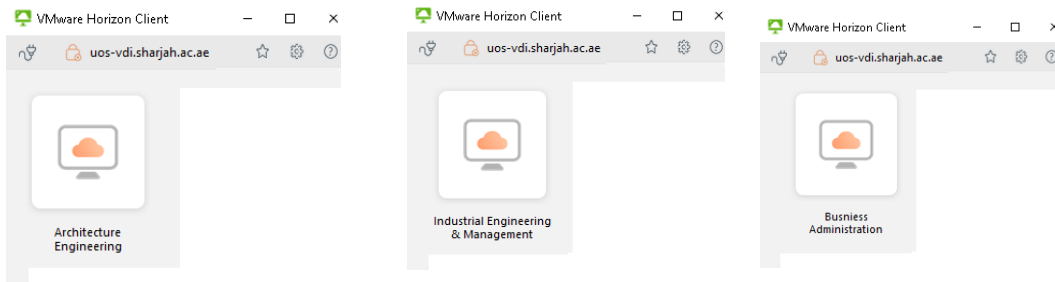

8- Type your UOS ID and password, then click on Login
***do not change the Domain option SHARJAH.UOS.EDU**

- 9- After login will find your college Lab image, Double click on it, and start to work your lab.

Examples:

Important Note: Save the work files (data)

Do not save your work files on the desktop, once you are logged off the machine, all data will erase and cannot be retrieved later.

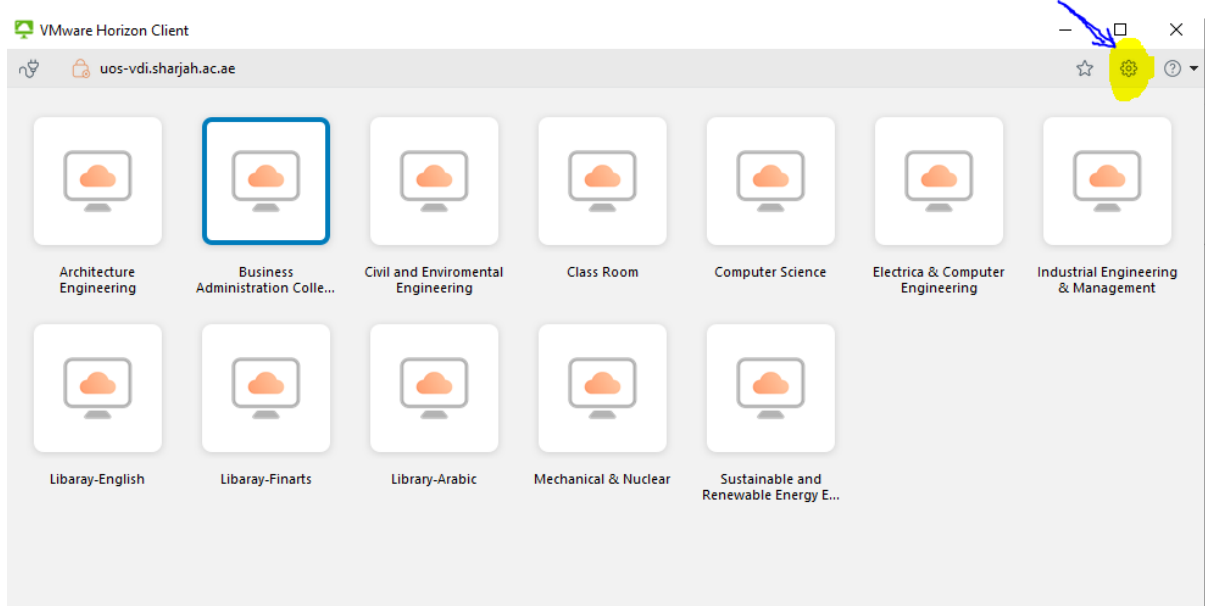

Three options are available to save your work files (data)

- 1- local drive your laptop/PC drive C
- 2- External Hard disk
- 3- University provides 1TB One Drive storage. Icon link is available on the desktop on the Lab image.

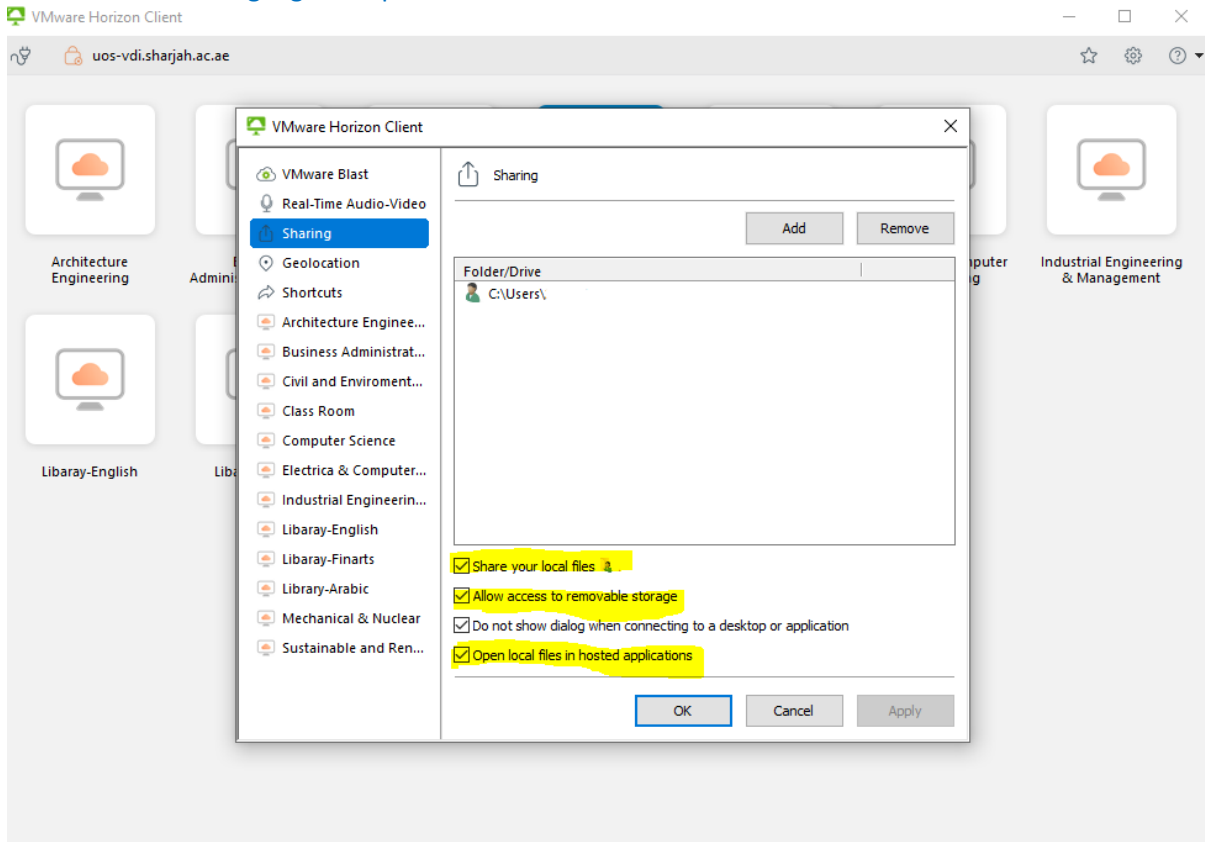

Follow the screenshots below to enable options 1 and 2.

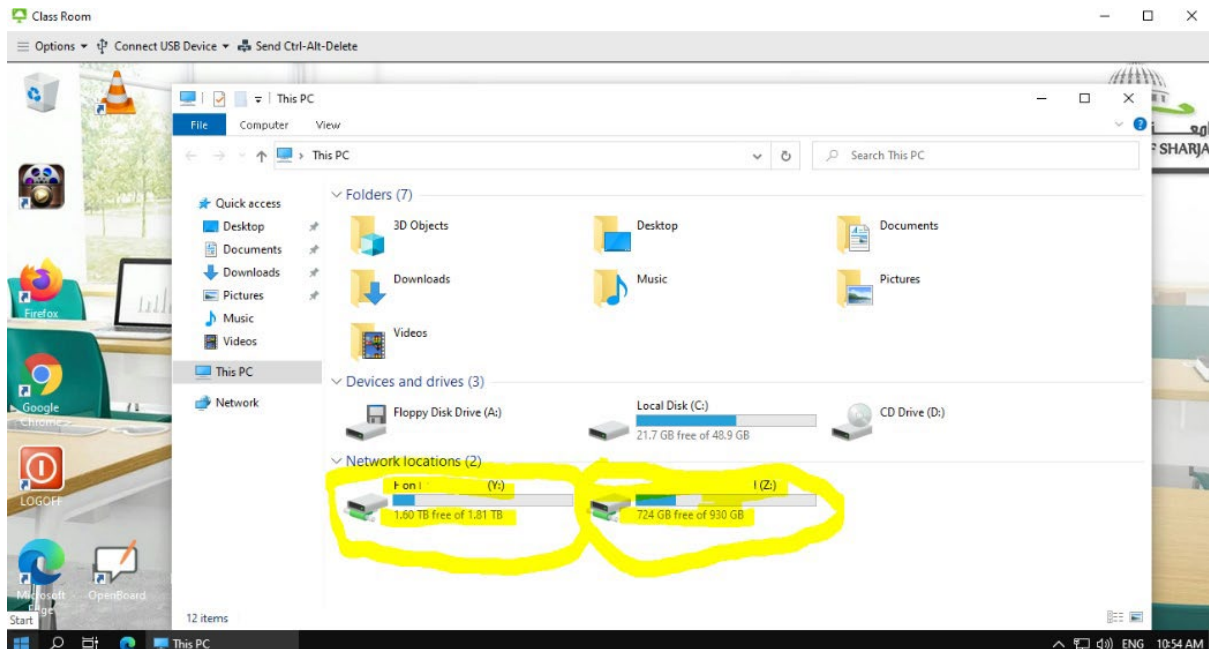

a- Click on the highlighted icon

b- Make sure the highlighted options are selected

C- Once you are login to the Labs image, you will find the local (Laptop/PC) drive C and external Hard disk as a network driver are available as the below screenshot.

Important Note: The session will expire after Three Hours and it will log you out automatically. Make sure to save your work when you see this message:

Your desktop session will end after 10 minutes. Save your work!
