

Curriculum Vitae

Dr Sondos Abderraheem Harfil

Lecturer- University of Sharjah
College of Health Sciences
Department of Medical Laboratories Sciences
Sharjah, P.OBox 27272
sharfil@sharjah.ac.ae

Academic Degrees

- **PhD. Biochemistry**
University Sains Malaysia- Malaysia, June 2022
- **MSc. Master of Science, Biology, 2000**
University of Jordan, Jordan, Jordan
- **Post Graduate Diploma, Biology, 1997**
Yarmouk University, Irbid, Jordan
- **BSc. Bachelor of Science, Biology, 1993**
Yarmouk University, Irbid, Jordan

Current Job:

Lecturer. Department of Medical Laboratories Sciences-College of Health Sciences- Univerity of Sharjah-UAE (starting from September 2008-present)

Current job responsibilities:

- Instructor of many theory and laboratory courses: Biology, Human Anatomy and Physiology, Biochemistry, General Microbiology, Medical Microbiology, and Endocrinology.
- Teaching evaluation by the students is excellent.
- Supervisor of many students' research projects (undergraduate level).
- Active participation in academic advising.
- Membership in many departments, college and university committees:
 - Activities, marketing and enrolment promotion committee
 - Faculty professional development committee
 - Students assessment and examination committee
 - Students affairs and academic advising committee
 - Students Enrollment committee(University level)
 - Workplace Health, Safety and Wellbeing Circle (University level)
 - Sustainability curriculum committee (University level)
 - Chair of students activities club (College level for three years)

- Chair of Public relations committee (College level for three years)
- I have a long experience in laboratories works, teaching and learning environments, updating laboratory orders, and updating the course syllabi.
- Active in online learning, adopted online platforms, excellent experience in course delivery through blackboard, Ms Teams and online exams with Web camera and monitoring.
- Interested in simulation methods in laboratory teaching and improving online learning methods.
- Attended many basic and advanced training workshops on teaching and learning development
- Working on research involvement in teaching laboratory sessions.
- Coordinated many activities at the college and department levels.
- Involved in research and scholarly activities during the last five years.
- Participated in many research laboratories during the postgraduate level (Microbiology, Biochemistry, Molecular Biology).Excellent experience in Biochemistry and microbiology research laboratories.
- Experiences in Tam-based learning (TBL).
- Very good experience in Microsoft Office applications, using literature search engines and EndNote.

Professional Work Experience

- **University of Sharjah-College of Health Sciences**, 17/08/2008 - Present
Role: Lecturer
- **The Canadian University of Dubai**, 01/09/2007 - 31/01/2008
Role: Lecturer
- **Dubai International School**, 30/08/2003 - 01/01/2007
Role: Science and Laboratories Coordinator
- **Al Ghurair University**, 06/09/2000 - 31/01/2003
Role: Lecturer

Professional Memberships

- 2014 - 2017, member of EOMSIG (Emirate Obesity and Metabolic Surgeons Interested Group).
- 2014 - 2016, member of IFSO (International Federation for the Surgery of Obesity and Metabolic Disorders., Member
- 2014 - Present, member of World Obesity Society-UK, Member
- 2016 - Present, member of the Malaysian Association for the Study of Obesity (MASO)
- 2016 - Present, member of Harvard Medical School Alumni Association, International training
- 2017 - Present, member of the International Scientific Association for Probiotics and Prebiotics.

- May 2022-present, European Society of Endocrinology. Early career member,

Awards and Honors

- **Dubai Harvard Foundation for Medical Research (DHFMR) Scholarship.** September 2015. Amount: 11,000 AED. (certified training program: International Clinical Research Training program).
- **3rd. Rank best oral presentation.** 10th Emirates Diabetes & Endocrinology Congress, Dubai, UAE (2020, February 27-29). Title: Circulating lipopolysaccharide-binding Protein (LBP) as a Marker of Inflammation and Metabolic syndrome related to Insulin Resistance.

Research Grants

- **Boehringer Ingelheim students research Grant (Co-PI). (2016) Amount:15,000 AED.** Shared research grant, awarded by Boehringer Ingelheim. Role (Co-PI). Title: Studying the Levels of hs-CRP in subjects with Metabolic Syndrome at the University of Sharjah Population."
- **TANITA Healthy Weight Community Trust-in-Aid (2016). Role (PI). Amount: 34,000 AED.** Title: Modulatory Effects of Lactobacillus on Obesity and Inflammation.
- **Shaikh Hamdan Bin Rashid Award for Medical Sciences (2017). Amount:163,000 AED.** Shared with Prof Raed Abu Odeh. Title: The Effect of Probiotics on Obesity, Metabolic Endotoxemia and Inflammation.
- **University of Sharjah Office of Vice-Chancellor of Research and Graduate Studies (2019).** Undergraduate students' project funding. Role (PI). **Amount: 5,000 AED.** Role: supervisor. Title: The correlation between Vitamin D and Metabolic Syndrome Components.

Clinical Research Training Program:

- **Introduction to Clinical Research Training Program.** Dubai-Harvard Medical School, Harvard Medical School-Dubai, UAE, **Date: December 2015-May 2016:** Six months certified intensive training program in clinical research practice, methodology, biostatistics and epidemiology. Experts from Harvard medical school provided the program. The program was delivered through face-to-face workshops in Dubai, accompanied by webinars, online exams, assignments and presentations.
- Participated in several clinical research training programs, research ethics and methodology and clinical trials management.

Professional Development

Active in participation with many local and international conferences and events. Certificates are available upon request.

Important Professional Certifications

- **Heart Saver First Aid/CPR/ AED. Certified by the American Heart Association.** Clinical Training Center- University of Sharjah, Sharjah, UAE. **2015**.
- **Updates about pathology laboratory techniques:** ASCP Pathology Updates 2017 workshop, HMSS International, Dubai- UAE, Not Applicable
- **How to turn your question into research idea:** Full day intensive workshop presented by scholars from Harvard medical School Center in Dubai. 2018

- **How to Develop Research Protocol.** Full day, intensive workshop followed by hands-on training. Harvard Medical School-Dubai. Series of workshops.1, Harvard Medical School-Dubai, UAE, Dubai- UAE. 2018
- How to Develop Research Protocol., Harvard Medical School-Dubai, UAE, Dubai- UAE, **Title: How to turn your idea into a research project. CPD: 1.** Harvard Medical School Center for Global Health Delivery, Dubai-UAE.
- **ASCP committee and Ministry of Health-UAE. Credits: 8 CPD.** ASCP pathology update 2017, Dubai-UAE.
- **How to develop a research protocol. CPD: 6.25.** Harvard Medical School Center for Global Health Delivery, Dubai-UAE.
- **Applying research-based instructional approaches in courses you teach:** Institute of Leadership in Higher Education-UOS, Sharjah, UAE.
- **Ensemble workshop on genetic variation and gene regulation. Credit: UAE University for 5 CME accreditation: 171295.** Shaikh Hamdan bin Rashid Award or Medical Sciences, Dubai-UAE. 2018
- **Inverted flipped classroom techniques 10 training hours:** Institute of academic leadership in higher education-UOS, Sharjah, UAE.
- **UOS-Boehringer Ingelheim partnership workshop 2017:** University of Sharjah- Research Institute of Medical and Health Sciences, Sharjah, UAE.
- **Hands-on experience-on library literacy:** Library Information, University Sains Malaysia, Kelantan.
- **Hands-on workshop on EndNote:** EndNote workshop, University Sains Malaysia, Kelantan.
- **The Malay Language required course: 4 months course for PhD students. The exams were conducted on campus in Malaysia. :** University Sains Malaysia, Kelantan.
- **Laboratory Safety Certificate- Online course provided by Central Labs at the University of Sharjah:** Central Labs Online Safety course, UOS-Central Labs online safety course, Sharjah, UAE. (one year online 2020)
- **Hands-on training on CPR and first aid:** Reference no. UOS-SSI20190801-4, Basic Life Support, Sharjah, UAE. 2019.
- **Basic Certificate in Health Professions Education (12 training sessions at the Medical Education Center- University of Sharjah).** September- December 2020.

Students Projects Supervision:

- 2015-2016: Predicting colon cancer risk in subjects with metabolic syndrome in Sharjah University Community
- 2017-2018: Correlation of TNF-alpha with The Metabolic syndrome Components.
- 2018-2019: Vitamin D and Metabolic syndrome: Prevalence and correlation

- 2021-2022: Safety Procedure in Clinical Laboratories of the Private Sector During COVID-19 Pandemic
