Among Many Others

Computer Skills		
Program	Level	My interest stems from learning the optimal use of modern techniques, mastering the use of my philosophy of teaching, which is based on the need to use modern techniques of advanced programs in teaching. This is to reach out of the conventional theoretical approach and advance the scientific and educational level of the university student. The application of this philosophy to students helped them understand the scientific material better and more efficiently, which was reflected positively on their improved scientific level and their higher grades.
MS Word	√ Excellent	
MS Excel	√ Average	
MS Power Point	√ Excellent	
MS Outlook	√ Excellent	
Internet	√ Excellent
